Period: \_\_\_\_\_

Below is a money vs. time graph of Jeremy's bank account. Use the graph to answer the questions about his money situation.

How much money did Jeremy start with? How much did he end with?

During the ten weeks, Jeremy bought a new video game system. When did he probably buy it, and how much did it cost?

During which week(s) do you think Jeremy was on vacation?

Calculate the slope of each line. Show all your work.

How much money was Jeremy earning during each week?  
When do you think he got his raise?
